

MPES 2013 Proceedings – Annex

22nd International Conference on Mine Planning and Equipment Selection
October 14-19, 2013 | Dresden, Germany

International Partnership Experience in Mine Shaft Engineering and Construction on Polovodovo Mine Site of the Upper Kama Deposit

ALYMENKO D, MOROSHKINA I, GERBIG J

Gold potential mapping in South-West Ghana using advangeo® prediction software: database, approach, results, benefits.

BARTH A, KNOBLOCH A, ARKHIPOVA S, SCHAE BEN H, NOACK S, BOAMAH K, DUODU J A

Evaluation of underwater mining equipments using Fuzzy method and accounting method depending on the case study of extraction the Egyptian black sand

GOMAA E, DREBENSTEDT C

Environmental balance of underwater mining equipments and development of new environmentally-friendly techniques under commercial and ecological aspects

GOMAA E, DREBENSTEDT C

Groundwater environment in coal mining regions of China-from a mine closure perspective

LIU P, DREBENSTEDT C, HOTH N

The Integration Of The Admissible Limit Situations During Exploitation For The Analysis Of The Industrial Risks

MUNTEANU R, MORARU R I

Examination of the effects of an increased bucket wheel speed to the dynamic behaviour of the bucket wheel excavator 1447

NITSCHKE PAUL, BLUNK S-A, SCHUMACHER L

Blasting Optimization Using Taguchi Method

TAHERI H, RASHIDINEJAD F

Development of a Methodology to Determine the Need of Mine Closure Activities in Indonesia

TONI T, DREBENSTEDT C

Coal spontaneous combustion prevention and control technology at fully mechanized top coal caving face in three-soft coal seam

WANG J, DENG J
